

## Pioneering Spirit Travel Wheelchair Testimonials

"We just returned from Copenhagen and a cruise on the Black Sea. The traveling that we are doing now is only possible because of your chair. The chair is lightweight and we are able to take it wherever we go. Sometimes we even use it as a walker." -T.Z., Bethpage, New York

"Well we've had the chair over 2 months now and we are very pleased. We traveled to Mexico and found it to be very user friendly. I can't believe I wrestled with the old cumbersome chair for as long as I did. Even Don's Rehab DR. noticed and made a remark. Thanks for helping me make the decision to purchase". - Stephanie & Don M., Frankfort, IL

"We have had it (Pioneering Spirit) for about 4 years - It has been phenomenal. We bought it so we could travel to Europe with my mom, for whom walking is a challenge. She has now been to Rome, Venice and Paris in the wheelchair. The wonderful memories we now have would have never been possible without it."L.O.N.

"Since the last time we corresponded, my chair and I have been to England, Scotland, France & Belgium as well as numerous destinations throughout the "good ol' USA". I don't think there has been a single trip where someone hasn't asked about the chair. I have been stopped in the Colonial Theater in Boston, Queen Mary's Gardens in London, Caesars Palace in Las Vegas, Washington,D.C., at airports, on cruise ships, shopping malls and Disney World. Hopefully, some of these inquiries have resulted in more freedom for some physically challenged people." -P.V., Veazle, ME

"I would like to inform you of the great joy we have had in using the Pioneering Spirit. It has accompanied my wife and I on trips throughout the U.S., Europe and Asia during the past two years and has enabled us to do things that we would otherwise not have been able to do. It has been a dream." -L.E.D., Elkhart, IN

I sincerely want to thank you for taking the time to respond to my email...I have referred so many potential clients to you that stop me in airports and other venues to ask where we got it. It's a good thing the tag is sewn on the back. From now on, I'll give people your web site info. Thanks again."
