

Spine Bracing System EXOS FORM™ II 626

Exos Form II Spine Bracing System

Exos Form II is designed with patented thermoformable **VST-X™** material for true customization, **ComfortCORE™ Foam** that contours to the patient's body, **Diamond² Grid™** construct for a more durable and longer-wearing brace and **Boa®** Technology's advanced closure system. The end result is a spine brace that delivers superior decompression and support, a quick and easily customizable fit, and provides patient comfort and satisfaction by reshaping form, fit and function.

Exos Form II 626

The Exos Form II 626 provides relief from mild lower back pain. The Exos Form II 626 provides superior sagittal control and support from L-1 to L-5.
