

QUALITY.  
INTEGRITY.  
INNOVATION.

## GREAT THINGS COME FROM GREAT PACKAGING

ACI's world-class, 345,000 square foot facility is **FDA Registered, CGMP Compliant, ISO 13485, ISO 9001, and ISO 22716 Certified** and our cleanrooms are **ISO 7 (Class 10,000) Certified**.

ACI is committed to providing high-quality services using proven measures that optimize quality and efficiency. We value our reputation for integrity and implement the highest levels of quality during receiving, inspection, assembly, packaging and sterilization.

We provide unmatched value to our partners through innovative processes and unique solutions.

### FDA REGISTERED AND ISO CERTIFIED

For companies looking to outsource medical device packaging and or manufacturing, ACI can provide the expertise and service it takes to be compliant in this highly regulated environment.

ACI offers clean-room and cGMP environmental assembly and contract packaging services for Class I, Class II and Class III medical devices including both sterile and non-sterile products.

### CONTRACT PACKAGING

We are committed to a strict quality management system having achieved EN/ISO 13485 certification while maintaining compliance to FDA Quality System Regulation 21 CFR part 820 requirements. ACI offers complete process validation with concise documentation for our medical device and consumer health product customers.

### KITTING, ASSEMBLY, AND CO-PACKING

ACI offers product assembly, kitting, component packaging for new or existing product offerings. **Do you need your products kitted or pouched? Let ACI be your complete outsourcing and/or co-packaging solution.**

## OUR OPERATION AT-A-GLANCE

Advanced Concept Innovations (ACI), is a dynamic fast-paced contract packager and manufacturer for medical devices, consumer health and beauty products, feminine care products, and OTC pharmaceuticals. Our FDA-registered facility is able to provide prototyping solutions with quick turnaround, as well as packaging and manufacturing solutions to our valued clients.
