

Slim and distinctive Design

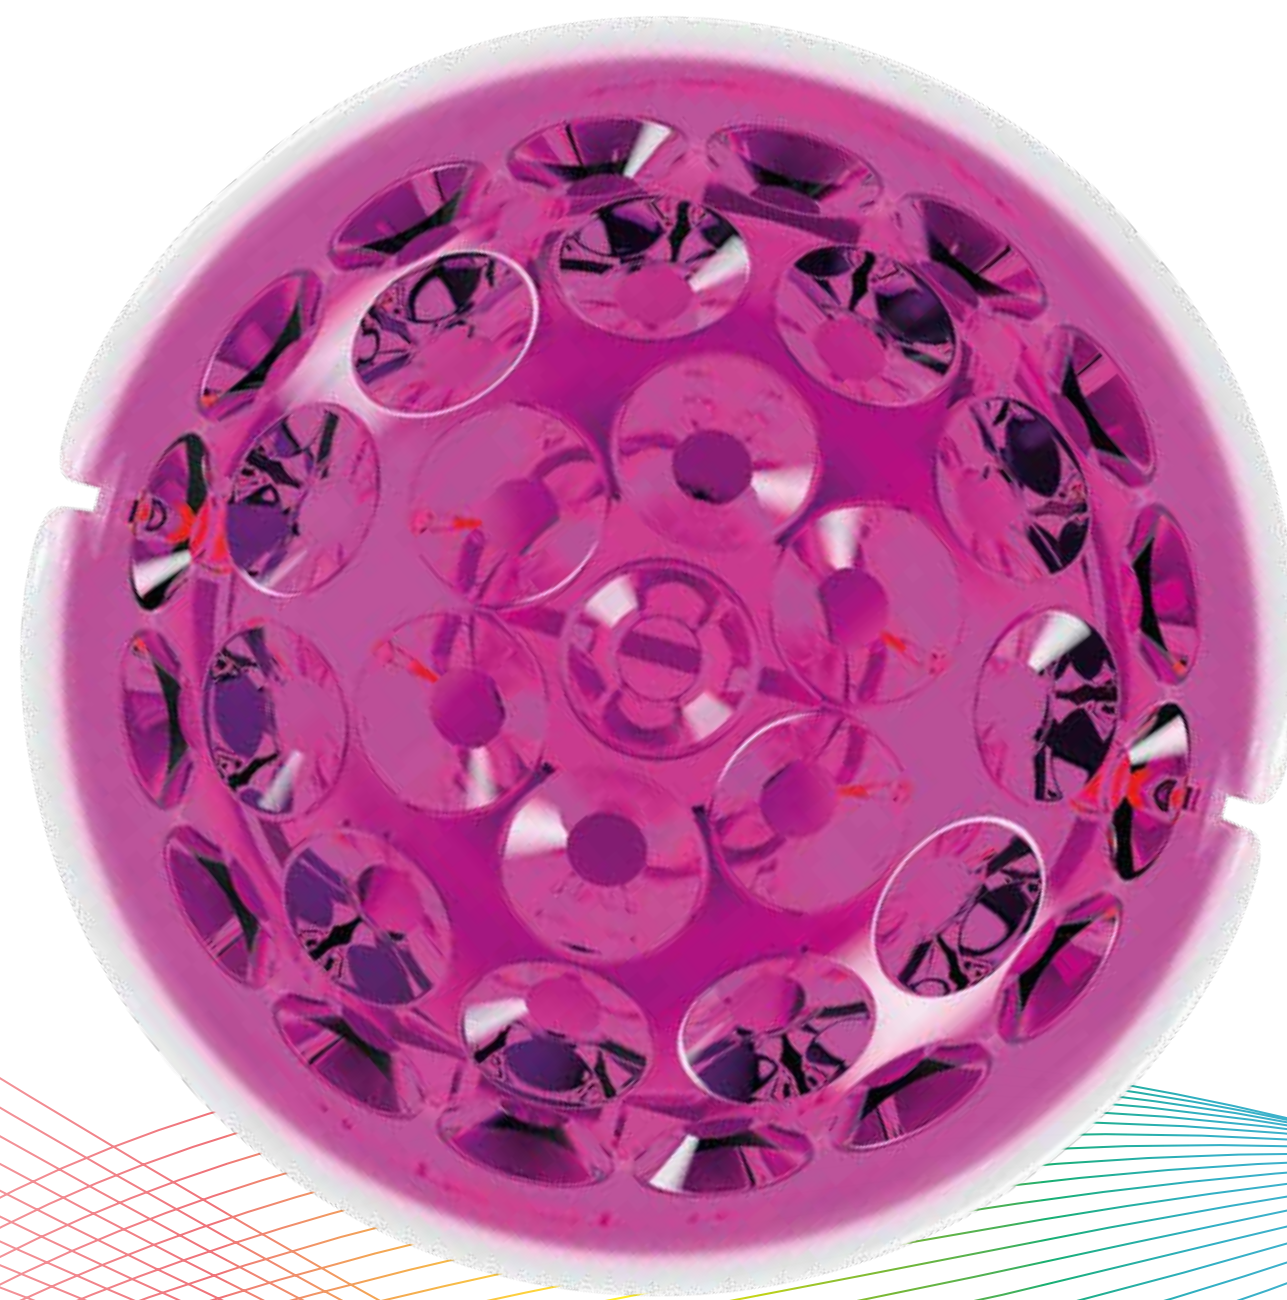

Introducing the **Tulip** Air Purifier! This new air purifier from **Airfree**® has everything the brand always cares about in products: modern design and efficiency elegantly combined together. The **Tulip** offers a slim and sleek design, without taking up much space in your home and will fit into any décor.

Airfree® **Tulip** is the ideal solution for compact spaces, combining design and wellness. Despite its size, it is a powerful air purifier with a stunning and slim design that fits with your home décor.

The only worry you will have with **Airfree**® **Tulip** will be to tell your guests that it is not a piece of art, but an air purifier!

Exclusive filterless TSS™ technology

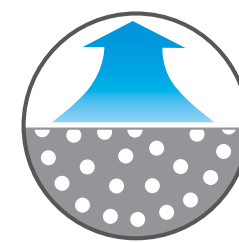

How does **Airfree®** sterilize the air?

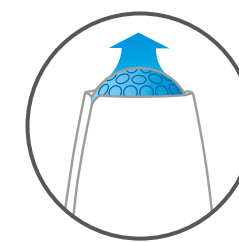

Contaminated air enters into **Airfree®** by air convection

The microorganisms are destroyed at 400 °F inside exclusive TSS™ core

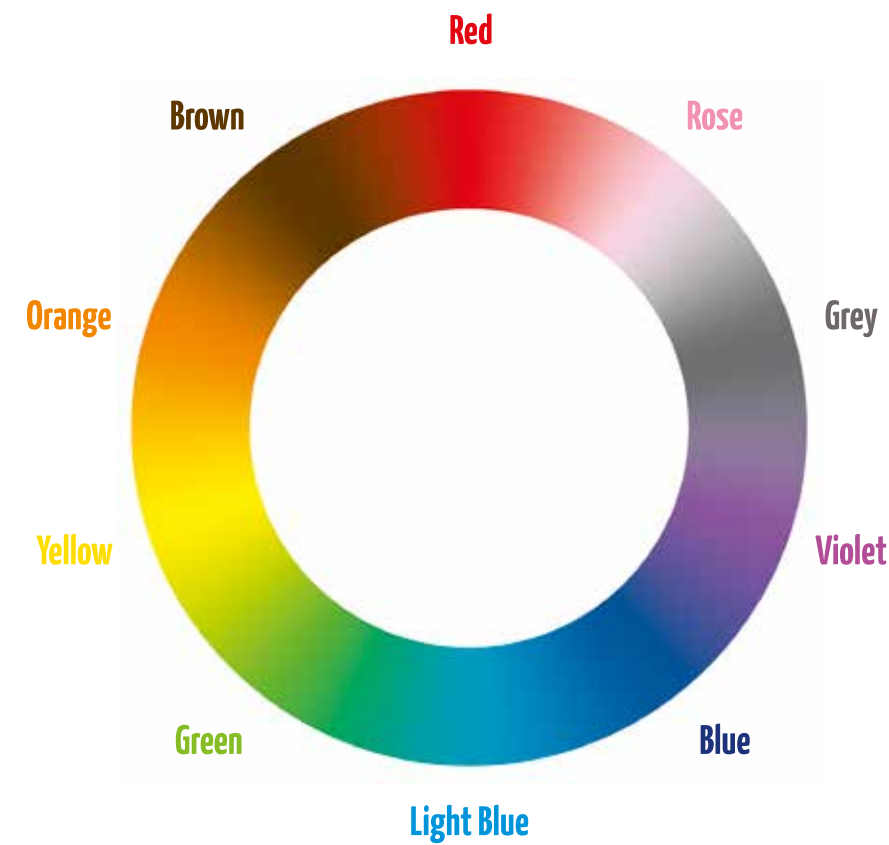

The purified air is cooled down

The purified air dissipates throughout the environment

Choose the color of your choice and **change it whenever you want**

While it purifies the air, **Airfree® Tulip** emits different colored lights that help to create welcoming and inspiring environments that improve your well-being and comfort.

The Tulip model series

Model	Capacity	Consumption
Tulip 1000	450 sq ft	43 - 53 W
