

THE BRIDGE BATTERY POWERED BATH LIFT

The Bridge Powered Bath Lift gently lowers or raises an individual in or out of the bathtub, allowing the user to overcome the bathtub's threshold ensuring a safe and spa-like bathing experience.

Best Option for Bathing Safely

315 LBS.
WEIGHT CAPACITY

26 LBS.
UNIT WEIGHT

120 LIFTS
PER CHARGE

◆ Floating Waterproof Remote

With just the touch of a button, our powered bath lift can lower & raise the user in and out of the tub.

◆ Transfer Seat Flaps

The seat flaps offer a sturdy bridge-like surface making transfer in and out of the tub a breeze.

◆ Removable Reclining Back

Fits most standard bathtubs and easily reclines to a comfortable 54° angle providing a spa-like bathing experience.

◆ Anti-Slip Suction Cups

Six powerful suction cups create a sturdy grip, keeping the lift securely in place while bathing.
