

Meets National Standards for: ✓ ASTM F1487-17 ✓ CPSC Guidelines #325

### Product Description

Butler Overlook is a commercial-grade playground structure constructed to grant all children an equal opportunity to have fun at playtime, regardless of their physical abilities. An entry in our Fully Accessible line, this installation is built to allow wheelchairs to ascend up the low-incline entry point and move along the entirety of the elevated deck of the structure to any of the three activity platforms. The first deck begins at 12 inches and ascends from there. Children in wheelchairs can thus join their friends up top at any of those areas or spend time exploring the ground level amusements about the base of the structure. There's a little something for everyone here. Climbers will dig features like the Sea Creature Climber whose molded grips are shaped like underseas animals. And little musicians should dig playing call and response rhythms back and forth between a Single Drum on one side of the platform and a duo of Bongos on the other.

### Product Specifications

- Model Number:** PFA010
- Age Range:** 2-12 years
- Child Capacity:** 36-42
- Fall Height:** 96"
- Post Diameter:** 4.5-inch
- Product Type:** Fully Accessible
- Safety Zone:** 37' 8" x 45' 4"

✓ ADA Compliant

<b>Elevated</b>	10 components
<b>Ground Level</b>	4 components
