COMFORT AND POSITIONING

Comp-Position

positioning tilt-in-space chair

Standard articulated headrest for better head and neck support and alignment

PRE-CURE® seat cushion composed of high resilience foam and visco gel memory foam

This cushion is standard and is designed to help prevent pressure ulcers

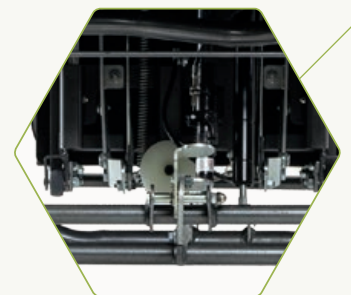

Various adjustments:

- Seat width
- Floor-to-seat height
- Backrest width

2 simple functions

- Tilt-in-space
- Leg rests with automatic length adjustment

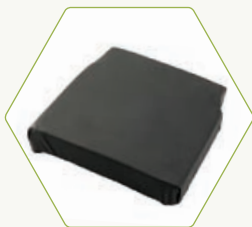

13" optional rear wheels (code 0E-01) with central brake

Adjustable and easily reallocated

- + Meets the highest standards of positioning, comfort and security.
- + Suitable for different morphologies and posture problems.
- + Enables safe transfers both independently and with the help of a patient lift.
- + Makes it easier for caregivers to reduce the risk of accidents at work.
- + Reduces inventory and costs as its adjustments enable easy reassignment.
