

Span F600B

Bariatric Full Body Patient Lift

*For users
Requiring
MAXIMUM
ASSISTANCE*

- **High Capacity:** 600 lb (273 kg) safe working load.
- **Care flexibility:** Size, maneuverability and range make it appropriate for both bariatric and non-bariatric users.
- **Safe, reliable and easy operation:** Simple charging, 3-year warranty.
- **Underbed clearance** allows use with most low beds.

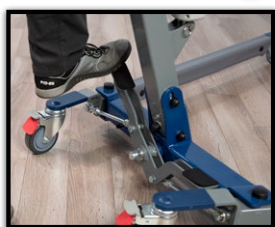

SPAN
better science. better care.

F600B Bariatric Full Body Patient Lift

Heavy-duty performance in a manageable footprint. Delivers an unmatched package of high capacity combined with range, mobility, function, durability, ease of use and value not often found in bariatric models.

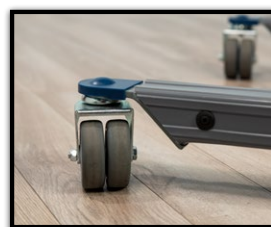

Foot pedal base width adjustment.

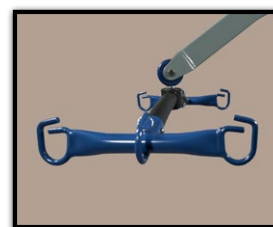

2-button pendant with LED indicator.

Underbed clearance allows use with most low beds.

Dual front casters provide smooth support.

6-point spreader bar maximizes sling options.
