

CanDo® accordion fold mats

- mat folds every 2 feet to minimize storage space when not in use and to maximize freight efficiency
- hook and loop ends allow mats to safely connect to other mats to “expand” and form larger mat surfaces
- specify color choice (shown on page 88); each 2 foot section can be its own color!

EnviroSafe® foam mats are the eco-friendly alternative with the following features:

- 100% toxin free, zero VOC's or off gas, hypoallergenic, latex-free, mold and mildew proof, 100% recyclable with no leaching chemicals. Conforms to California Fire Retardant code 117

CanDo® Add-a-Mat™ extension panels

- increase the length of any accordion-fold mat by adding a 2-foot Add-a-Mat™ panel
- hook and loop ends allow for easy attachment to any accordion-fold mat
- specify color choice (shown on page 88)

Add-A-Mat™ extension sections (panels)
