

Transforming sleep.

Forma™

FULL FACE MASK

The Forma™ Full Face Mask forms a superior seal and provides even more comfort with a greater range of movement through the active contouring of its new FlexiFoam™ Cushion. The T-Piece adds stability to the stylized Mask Base, and works in harmony with the highly contoured Silicone Seal and Under-Chin Design to enhance sleep performance. With its ease of use and superior conforming seal, the Forma™ sets a whole new standard.

Transform your patient's sleep experience today, with the Fisher & Paykel Healthcare Forma™ Full Face Mask.

FlexiFoam™ Cushion & T-Piece Mask Base

Full Face Delivery – *Forma*[™]

The *Forma*[™] Full Face Mask offers an improved seal and a more comfortable fit due to the interaction between the new FlexiFoam[™] Cushion and the Under-Chin Design. This alternative to nasal or oral delivery comes fully assembled and ready for use.

UNIQUE MASK FEATURES FOR GREATER FREEDOM, COMFORT AND COMPLIANCE

FlexiFit[™] Technology Auto-contouring fit

The FlexiFoam[™] Cushion using FlexiFit[™] Technology automatically adjusts to a wide range of nasal and facial contours with simple one-step ease of fitting and no complicated adjustments.

FlexiFoam[™] Cushion Active-contouring cushion

The FlexiFoam[™] Cushion provides greater comfort with the unique design of the soft, light and supportive foam. The FlexiFoam[™] features the advanced active contouring that conforms naturally to your patient's face.

Glider[™] Strap with Easy-Release Cord

The sliding Glider[™] Strap with Easy-Release Cord provides freedom of movement and one-step removal. The mask force remains equal when the head rotates from side to side, minimizing the occurrence of leaks. Simply pull the Easy-Release Cord for one-step removal.

Under-Chin Design with Crown Strap

An Under-Chin fit provides extra stability and maintains the seal, even with movement of the jaw during the night. The Crown Strap works in conjunction with the Under-Chin Design to eliminate the need for a chin strap.

T-Piece Mask Base Optimal seal

With no complicated adjustments, the T-Piece provides added stability and complements the Under-Chin Design to allow FlexiFit[™] to auto-adjust for hassle-free fitting.

Advanced Air Diffuser Quiet usage

Maintenance Free. This efficient Air Diffuser system prevents air from blowing onto the sleeping partner and decreases noise that could potentially disrupt sleep.

Frosted Silicone Seal Optimizing seal

The enhanced seal technology has a soft, smooth feel and slides easily onto the face. Its frosted texture optimizes mask seal performance.
