

Great Life Healthcare Shoulder Oxygen Carry Bags

- Our line of shoulder bags have easy to adjust shoulder straps with swivels to prevent twisting. They are made out of a black padded nylon material that are easy to clean with reinforce double zippers to make access easy to the tank and regulator. Each Bag has a metal gromet to pass the cannula tubing through and a carry handle. The bags come in three sizes to fit you oxygen tanks M6 tanks, C/M9 tanks, and D tanks.

Deluxe Backpack

Great Life's deluxe back pack provides hands free transport for you oxygen tanks. It can accommodate M6, C7, or C/M9 tanks sizes. It has a Velcro strap to hold the tank and a slip closer to close the top of the bag around the tank as well. Inside there is a ½" foam pad between the tank and your back to make it more comfortable. This back pack can also be fastened on a wheelchair when needed. The regulator is protected by a padded fold over cover that buckles down for security.
