Introducing the all **NEW**

# Serena-Seat PRO

# Refined Frame.

*NEW stainless steel frame is 50% thinner than the aluminum frame (Standard).*

*Looks lighter and matches 500lbs weight capacity.*

# Adjustable Hinge.

*NEW hinge mechanism gives you the ability to adjust the friction it takes to fold the seat.*

*Cover cap hides all the mechanical parts.*

# Ease of Installation.

*We have redesigned the seat frame so that the wall brackets align with 16" centers.*

*Ideal when retrofit installation is desired.*

# Improved Stain.

*NEW designer colours to match any  
bathroom.*

*Easier to clean, waterproof polyurethane  
stain last even longer than original.*
