WORKING LOAD: 300 lbs

Figure 1

ASSEMBLY:

- There are four holes on each end of the side sections. The hole spacing on one end match the threaded inserts on the bases. The holes on the other end are for the top section. Match the holes in the ladder with the threaded inserts in the base. Put the base on the outside of the ladder with the threaded insert flanges to the outside as shown in figure 1. Put a washer on each bolt. Put the bolt through the ladder from the inside and start it into the threaded insert. Start all four bolts, then tighten them securely using the allen key provided. Attach the base on the opposite side in the same manner. Assemble the other side section in the same manner.
- Attach one end of the top section to the end of one of the side sections putting the bolt / washer through from the inside into the threaded insert as shown in figure 2. Tighten all bolts securely.
