**OrCam MyEye**  
Independence Everywhere You Go

# OrCam MyEye

## Access Your World, Quickly & Easily

For people with low vision, OrCam MyEye provides the ability to seamlessly access visual information that surrounds you – all communicated by audio in real time. Read a restaurant sign outside, and read the menu once you are seated. Recognize the faces of family and friends sitting at your table. Pick up a condiment and know what product you are holding.

## Voice Activation

Access all device operations and settings hands-free - simply say **Hey OrCam** followed by a voice command

### Read Text

From any surface: Books, magazines, bank and credit card statements, smartphone or computer screens

### Recognize People

Identify friends, family and loved ones in real time

### Identify Products

Identify barcodes in your kitchen and for shopping independently at the supermarket

### Detect Money Notes

Make a purchase with confidence by easily verifying the denomination of banknotes

## Smart Reading

Quickly access the specific information you want - a word, date, number, or a headline in a newspaper - from within any text
