

PLANTAR FXT

ORTHOzone

Thermoskin Plantar FXT™ features a patented design to treat Plantar Fasciitis. The adjustable strap pulls the toes upward and the foot into a slight dorsiflexion position to gently stretch the plantar fascia. The Plantar FXT captures your natural body heat for therapy and pain relief. The combination of this heat therapy and the stretching of the plantar fascia while sleeping aids in the treatment of Plantar Fasciitis.

PRODUCT ADVANTAGES:

- Ideal alternative to cumbersome rigid night splints
- Easy to apply, low profile and comfortable to wear
- Pulls the toes back slightly and comfortably to stretch the plantar fascia so it may heal
- Lined with the exclusive Trioxon® Advantage material for heat therapy & enhanced recovery

THERMOSKIN

TRIOXON® ADVANTAGE

Exclusive Trioxon 3 dimensional lining provides heat therapy & pain relief. Soft, comfortable inner layer wicks away moisture. Middle layer helps increase skin temperature for heat therapy. Outer layer provides light compression.
