

PF SERIES EXAM TABLES

The PF Series offers a great combination of comfort and beauty for non-invasive procedures in high-end treatment spaces. The tilt function allows you to create a Zero Gravity experience that is enhanced by the plush foam system. With it's beautiful wood construction and different finishes you can create a Spa like experience in a medical environment.

PF400 shown with sapphire fabric and optional grey lacquer

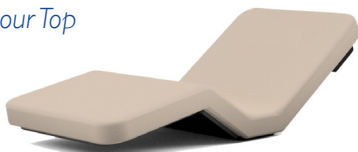

New!
One Piece Removable Pad

Our new design features finger knobs that can be removed in minutes, allowing you to completely remove the entire top and install a new one without any special tools so your table will be in service for much longer.

TERRATOUGH COLORS

Meets the requirements of ISO 10993-1:2009 Biological Evaluation of Medical Tables & passes testing.

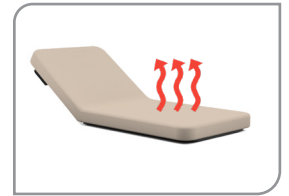

TRENDELENBURG TILT (STANDARD)

The unique twin tower lift system creates Trendelenburg tilt capability insuring the ultimate in comfort. The tilting function is helpful for many treatments and offers greater comfort for people who experience sinus pressure when lying flat.

INTEGRATED HEATED TOP (OPTIONAL)

Our new system is imbedded in the foam, creating a more even heat, and has three settings. Designed originally to be used in car seats and hospital beds, the heating element automatically shuts off after 10 hours providing peace of mind for safety and energy conservation.

3" LOCKING CASTERS (OPTIONAL)

Locking casters make it easy to move the table in the room.

QUICKLOCK™ HEAD REST & AERO CEL PAD (ACCESSORY)

The platform allows precise cervical flexion and height positioning over a wide range for both prone & supine treatments.

UNIVERSAL TABLE EXTENDER (ACCESSORY)

Perfect as a head rest or a foot rest, it has two rods that fit into the bracket on the table. Extends table to 85".

ADJUSTABLE SIDE ARMREST (ACCESSORY)

These versatile and comfortable removable arm rests feature a wide range of positions. They always stay level, regardless of the backrest angle. They offer comfortable positioning and can be moved completely out of the way to allow patients to get on and off the table easily. (PF400 only)
