

PRISM LIGHT POD

Whole-Body Red Light Therapy

Users of our award-winning Prism Light Pod can expect improvement in aesthetics and whole-body wellness. Our fully optimized light therapy system, uses red and near-infrared light waves to:

- Reduce oxidative stress
- Relieve inflammation
- Accelerate performance recovery (4 to 10 times faster)
- Increase production of collagen for skin toning and anti-aging
- Shrink fat cells for enhancing weight loss.

15-minute sessions, three times a week, will keep you naturally healthy and rejuvenated.

Benefits of Prism Light Pod Therapy

Prism Light Pod is the industry's most powerful whole-body photobiomodulation (PBM) therapy system.

Benefit from six optimized settings

- Sports Recovery
- Chronic Pain Management
- Arthritis & Joint Pain
- Wound and Injury Healing
- Skin Conditions and Anti-Aging
- Weight Loss

Your body and mind will heal faster, reduce pain, increase energy, improve skin tone and shrink unwanted fat cells.
