Wisp

Performance has a new style

We're changing the face of sleep. Now you can give your patients a mask that combines the performance and comfort of a nasal mask with the aesthetic elegance of a pillows mask. With its minimally invasive design and superior seal, Wisp delivers the comfort and performance your patients deserve.

PHILIPS
RESPIRONICS

We're changing the face of sleep

Proven to comfortably fit more than 98% of patients

Compact design for a natural fit

- Distinctive, stylish design with minimal headgear
- Open field of vision for greater independence – patients can read, watch TV or wear glasses
- Minimized design makes it easier for patients to use and clean

Outstanding performance

- Provides patients with a better quality of sleep over the leading pillows and nasal masks
- Distinct patented auto seal groove and tip-of-the-nose cushion design makes minimal contact while delivering a superior seal

Respironics and Wisp are trademarks of Respironics, Inc. and its affiliates. All rights reserved.

Contemporary frame options to complement your patient's style

- Minimal parts for ease-of-use in the lab
- Clear frame or a reversible fabric frame with a soft cushioned suedette side and a smooth, silky sateen side

Create the right solution for your patients and lab

- Each package contains all three cushion sizes, which fit on the same frame
- Easy to adjust with simple headgear clips

Wisp is available through the Philips Respironics Sleep VIP Program. Contact your Account Manager for more information.
