

# T615M TREADMILL

SportsArt rehabilitation treadmills are designed specifically for cardiac and physical therapy markets and come loaded with unique features, programs, and user amenities to help treat more patients, effectively. The T615M is thoughtfully designed with extended medical handrails, emergency stop button, and micro-amp leakage filter keeping users safe and comfortable throughout their exercise.

## KEY FEATURES

- MyFlex+ deck cushioning provides 30% more shock absorption and carries a lifetime warranty
- Large 58 x 20 in. belt provides ample running space and is constructed from carbon-weave, low friction material that is resistant to static build-up
- Meets UL requirements for current leakage in a medical setting
- Full length medical side rails with pediatric lower sections for better patient stability

TECHNICAL DETAILS
