

Overview - tools for different transfer situations

SystemRoMedic™ provides solutions for all transfer situations and needs. To make it easier to find and choose the right mobility aid for the right situation, we have grouped all key products in SystemRoMedic™ under 14 headings that together represent all the most common situations and things in connection with transfers of users. The overview below shows the facilities that are suitable for what situations. A special symbol shows which products are also helping to prevent pressure sores.

 Horizontal transfer	 Up from floor	 From bed to hygiene chair	 In and out of vehicles
 Turning in bed	 Support for gait training	 From wheelchair to toilet	 Positioning in car
 Higher up in bed	 Standing training	 Raising - nedsitting	 Preventing pressure ulcers
 Lying to sitting	 Bed to wheelchair	 Positioning in chair	

Overview - tools for different transfer situations
