

THERMOSKIN®

SACROILIAC BELT

Low profile, easy to apply design

No buckles for a more comfortable fit than competing models

Elastic side straps to adjust and customize level of support

Conforming fit with controlled compression

Thermoskin Sacroiliac Belt provides stabilization of the sacroiliac joint through direct compression. Adjustable wrap-around design is easy to apply for a comfortable fit and controlled compression. Secondary elastic side straps allow you to adjust and customize the amount of support needed. Low profile, contoured design fits easily under clothing allowing for comfortable all day wear.

PRODUCT ADVANTAGES
