

Single Foot

- Heel cut out eliminates contact w/ heel preventing pressure points and skin breakdown.
- Tapered bottom accommodates new style footplates.
- Design allows foot to swing away for easy transfers.
- Medium density, high resiliency foam construction provides maximum comfort.
- Non-skid fabric on foot support helps maintain foot positioning.
- Optional gel pack in foot support reduces pressure, shear, and heat build-up.

*see chart for dimensions

BOLT-ON CONNECTION #698

Bolt-on connection works with all footplates.

*note: bolt-on option recommended for residents with tone.

CLAMP-ON CONNECTION #697

Easy on, easy-off connection gives users a versatile attachment.

SINGLE FOOT LE —

The Elevating Single Foot attaches to the upper portion of the leg rest and foot plate. The interlock bracket allows the foot support to be adjusted to multiple elevations for various leg sizes and shapes.

COVER 

SOLACE FABRIC — designed for pressure relief and comfort. Solace is fluid-proof, anti-microbial and soft to the touch. The multi-dimensional stretch design alleviates pressure on bony prominences and provides optimal skin protection.
