Purpose

Contour Plus Cushions and Wedges are designed for wheelchair users who require superior wheelchair positioning and pressure relief. Both styles feature convex bases that eliminate sling-seat hammocking to reduce pressure on the spine and coccyx.

Easy Care

The Low-Shear cover may be wiped clean, or it may be removed for laundering. The cover should be washed and dried at temperatures that do not exceed 180°F (182°C). Do not use bleach.
