Pulse and No Breath Detection mode Portable Oxygen Concentrator. The X-PLOR weighs 3.75 lbs*, with a lightweight design that is perfect for patients looking to replace their heavy, metal oxygen tanks and live a more mobile, active lifestyle.

Belluscura's patented, award-winning ModulAir® technology integrated with their proprietary ultra-rapid processing and consumer-replaceable sieve technology allows them to make smaller, smarter, and more efficient oxygen concentrators, resulting in reduced costs and broader potential treatment options.

The Nomad Biometrics™ mobile app tracks your X-PLOR oxygen concentrator unit's oxygen purity, battery life, alarm history, and battery cycle. It is Bluetooth®-compatible with an easy-to-use interface. By downloading the Nomad Biometrics app, you can enjoy the experience of oxygen therapy on the go. Available in the iOS store and Google Play.

X-PLOR is FAA compliant, meaning it is just as safe and easy to travel with as it is reliable!
