About Synapsys

Simplifying the pathway for patients with vestibular dysfunctions

1st to market

Synapsys was founded in 1993 by Dr. Erik Ulmer, otologist for over 35 years, member of the Barany Society, and pioneer in VideoNystagmoGraphy (VNG). Since then, Synapsys keeps disrupting balance disorder diagnostics and rehabilitation.

2,000+

Synapsys offers solutions to 2,000+ PTs and ENTs in the world to evaluate and treat vestibular disorders.

40+

Synapsys has a strong international network of distributors in 40+ countries over 5 continents.
