

NH Newtowne Hyperbarics

*Designing and manufacturing world
class mild hyperbaric chambers.*

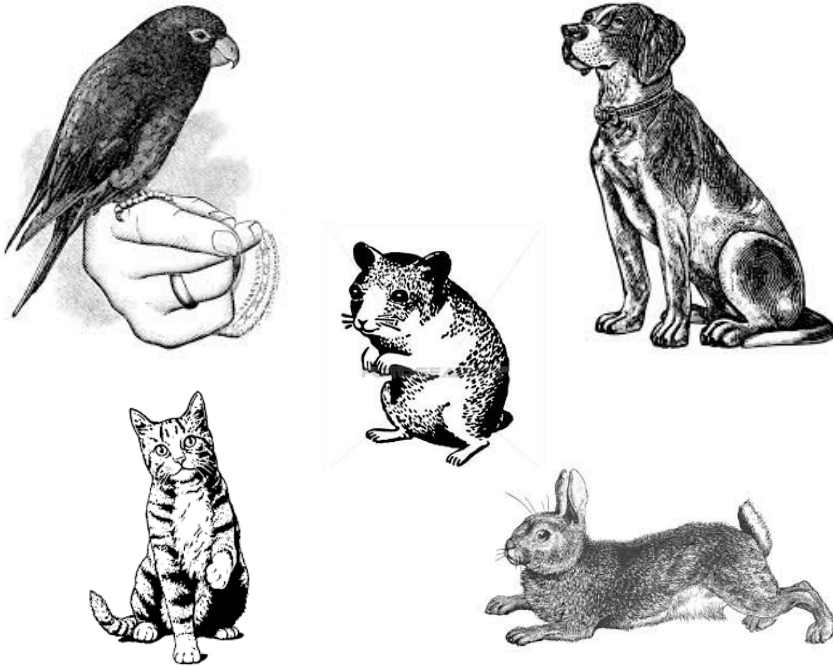

ALL OF OUR CHAMBERS CAN BE USED FOR YOUR PET or VETERINARY PATIENT!

- Newtowne Hyperbarics' chambers are being used by veterinarians and pet owners to help treat both acute injury and chronic conditions.
- Used with an cage or crate our chambers provide a safe and quiet environment for your pet during treatment.
- Convenient top or side entry.
- Chambers provide enough room for an attendant to be inside the chamber with your pet whenever necessary.
- Newtowne's chambers have an FDA 510K. You can be sure the chamber was produced with the highest standards and are safe for you and your pet.
- Your pet does not require a veterinary prescription to rent or purchase a Newtowne Hyperbarics chamber. We encourage you to speak with your veterinarian about your pet's needs before purchasing.
