

Meets National Standards for: ✓ ASTM F1487-17 ✓ CPSC Guidelines #325

### Product Description

Have an empty space in your playground or want to add more playful activities without taking up too much space? The Zig Zag Balance Beam is a superb piece of equipment that can be seamlessly added to any recreational area. Balance beams are an easy activity to learn but offer a slew of physical benefits. Work on agility, balance, foot-eye coordination, and motor planning all in one place! The long, snaking design creates a fresh new obstacle for kids. It also allows multiple people to cross at once. Children can play follow the leader as they trek through the zigzagging structure. This will be sure to spark imaginative and creative play. Kids can speed walk across the beam, put one foot in front of the other like a trapeze artist, or imagine that they are a gymnast at the Olympics. Combine these with other pieces of equipment to create an adventure park!

### Product Specifications

**Price:** \$472.<sup>00</sup>

**Model Number:** PFS062PB

**Age Range:** 2-12 years

**Child Capacity:** 2-4

**Fall Height:** 12"

**Product Type:** Balance

**Safety Zone:** 14' x 20' 6"
